Es para nosotros un honor y un reto organizar la XXXII Reunión Anual de la Sociedad Española de Odontopediatría conjuntamente con la I Reunión Ibérica de Odontopediatría, en Porto - Portugal, del 20 al 22 de Mayo de 2010.

Trabajamos intensamente para poder presentar un programa científico atractivo y completo, incluyendo temas relevantes en nuestra especialidad. Para ello contaremos con ponentes de reconocido prestigio internacional.

Los conferenciantes y cursos son los siguientes:
Prof. Benjamin Peretz - Control de conducta en Odontopediatría.

Dr. Jorge Castillo - Como y cuando es más efectivo el tratamiento temprano de Ortodoncia.

Dr. Márcio da Fonseca - Tratamientos dentales y orales en niños oncológicos.

Dr. William Waggoner - Restauraciones estéticas en Odontopediatría.

Deseamos que en esta Reunión aparte de que mejoremos nuestros conocimientos científicos sea también un motivo de encuentro, amistad y convivencia entre todos nosotros. Además aprovecharemos para conocer mejor esta histórica, bonita y sofisticada ciudad Portuguesa, así como para disfrutar de su exquisita gastronomía.

Contamos con vuestra presencia en Porto en Mayo de 2010.
